

Service & Repairs

All repair work carries a ninety (90) day warranty. This saves you time and money because we use in-stock used and refurbished parts. Let us save you the time by finding those discontinued OEM parts. We save our customers up to 50% off of OEM pricing.

Our service personnel ensure each device we service meets the manufacturer's specifications before it is returned to you.

Surplus Equipment

Looking for additional funds to purchase new capital equipment or need to clean out surplus equipment from the warehouse?

Novatek Medical can help. We purchase and consign all types of surplus medical equipment from hospitals and medical facilities all over the country. Allow us to turn this outdated equipment into capital funds for those future equipment acquisitions.

About Novatek

NOVATEK Medical is a fast growing medical equipment rental, sales and service company established in 1997. The corporate office is located in Effingham, IL. Satellite offices have been established in Arcadia, CA; Las Vegas, NV; Cookeville, TN; Nashville, TN and Cincinnati, OH to meet the growing demands of our customers.

NOVATEK Medical prides itself on the quality of product and timeliness that we provide to each and every customer. We understand that not only is our customer in need of this high level of quality from us, but so is the patient. We go above and beyond the call of duty to make sure our customers are satisfied!

Sales & Rentals

We offer competitive pricing and an unsurpassed quality of service to meet your equipment needs. Our flexibility helps to satisfy both long and short term equipment needs. Technicians are available 24-7 to handle most local rental needs. Please ask your local representative for more details.

Ventilators

Parts

Would you like to save up to 50% on replacement parts?

NOVATEK Medical carries replacement parts for many of the models we rent and sell. All of the parts we sell include a 90-day warranty. That's 3 times longer than most OEM's warranty on New Parts at a more expensive price.

Along with the savings we also carry hard to find and discontinued parts. This allows facilities to extend the life of their equipment and delay the cost of replacing them.
